To whom it may concern ,

Please be informed that, ECHA updated the REACH Candidate List on 19.01.2021 and has added two new chemicals to the candidate list of Substances of Very High Concern (SVHC). We hereby declare that none of these added chemicals is being used in our processes and products.

The products of Aksa fulfill the criteria of being 'article' under REACH Regulation and there are no substances released and poses a risk to human or the environment. We declare that our products do not contain more than 0.1% (w/w) DMAc (N,N dimethylacetamid) which is the legal threshold.

We would like to underline once more that, Aksa is certified by ISO 9001, ISO 14001, ISO 45001, ISO 50001 , ISO 14046 and ISO 14064-1 in its production process and pays ultimate care on environment, health and safety in all aspects of its activities, to continually improve their implementation performance and fulfill its communication responsibilities to the community about its activities. Furthermore, all Aksa products are certified by Oeko-Tex Standard 100.

Please note that we will be happy to assist you at any time.

Best regards,
