<b>Announcement Content</b>	
<b>Explanations</b>	

As part of the efforts to find new usage areas for acrylic fiber, the second phase investment of the short fiber yarn production facility ("Aksafil") with air jet spinning technology, the first phase of which was commissioned at the end of 2021, have been completed, and the commissioning works are continuing gradually. Investment and commissioning of two (2) new production lines to increase acrylic fiber production capacity has been completed. According to the new capacity reports prepared according to the product range planned to be produced, the current installed capacity of our Company has been determined as 355 thousand tons/year for acrylic fiber and 6.6 thousand tons/year for Aksafil facility.

It is presented to the information of the public,

Regards,

Material Disclosure Announcement has been prepared in Turkish and in English. In case of any discrepancy between the two versions, Turkish disclosure will prevail.

We proclaim that our above disclosure is in conformity with the principles set down in "Material Events Communiqué" of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we're personally liable for the disclosures.
